of Bijapur District also. The Board also considered that proper accounts have not been maintained by some taluka distributing ag agencies and it was resolved that the President, W.A.F.I., Bija ur should be sequested to appoint a full time clerk in the junior - scale of Government to do this work, in each branch.

Subject:-v) Consolidation of pa ments of holdings etc.

The District Agril Officer, explained the Act and the Board resolved that a Sub-Committee consisting of the following members:-

(1) Mr. Shidhanti.
(2) Mr. Sajjan.
(3) Mr. Ambli.
(4) The Prant Officer, Bagalkot Dn.
(5) The District Agrl. Officer,

should be formed and they should submit their report in the matter to the Collector by not later than, 25th October 47.

Sd/- A.U.Shaikh.
Collector and Chairman, D.R.D.B.,
Bijapur

Copy to :-

All Members or the Board.
The District Agricultural Officer, Bijapur.
2. He xkxm is requested to instruct all the well Inspectors in the District to be present at the meeting to receive instructions regarding their work.

Copy with compliments to the Secretary, Provincial Rural Development Board, Secretariat, Fort Bombay.
Copy with compliments to the Collector and president W.A.F.I. Bijapur, with a request to please make the Hall available for the meeting.

For Collector and Chairman,

Post War Reconstruction.

Taluka Planning.
Athni taluka, Belgaum district.

Government of Bombay.
Reconstruction Department.
Resolution No.149.
Bombay Castle, 17th January 1946.

Resolution of Government.

The appended statement* shows the limits up to which expenditure should be incurred on the Post War development of Athni taluka. It does not take into account Road Development (Nagpur Plan), Electric Supply, Land Improvement and Irrigation The expenditure to be incurred on these schemes will be decided separately. The Departments concerned with the various schemes in the statement are requested to issue orders at once on the schemes pertaining to them and to provide funds subject to the remarks made below. It has been decided that orders should issue item by item without waiting for the items which require further consideration. The Heads of Departments are authorised to start the schemes as soon as possible and take such other action as may be necessary to start them, e.g., selection of sites, appointment of staff, etc., in anticipation of formal orders of Government and provision of funds.

(1) The needs of ex-servicemen should have the first consideration in the case of grant of subsidies for construction and improvement of wells.

(2) In the case of items involving construction of buildings and wells, immediate inquiry should be made whether these can be constructed by any agency - e.g., local public spirited persons, contractors, District Local Board, etc., - other than Public Works Department, as the available Public Works Department staff is extremely short. The Public Works Department will provide type plans to any other agency and will inspect the work after completion.

(3) The provision for village water supply has been made though probably no progress can be made in 1946 on account of all water supply and Public Works Department staff having been diverted to famine work in accordance with the usual practice.

2. Owing to reduction in expenditure on some of the items the location of the schemes will need revision. The Heads of Departments should decide this question very urgently in consultation with the Administrative Departments of Government.

3. It has been decided that the total non-recurring and recurring expenditure over five years on the Post War development of a concentrated area taluka should not exceed Rs.15 lakhs and the recurring expenditure at the end of five years should not exceed Rs.1.5 lakhs. The total expenditure over five years as shown in the appended statement* is Rs.12,35,004 and the permanent recurring expenditure Rs.1,22,695. The Collector should put up proposals for the utilisation of the balance.

4. The Prant Officer in charge of the taluka should submit a monthly report to Government showing the progress made in the execution of the various schemes mentioned in the statement and indicate the work being done or proposed to be done under each item. The report should reach Government by the 7th of the succeeding month and the Prant Officer should send copies of the report to the Heads of Departments concerned.

By order of the Governor of Bombay,

D.A.Gadkari,
Under Secretary to Government.

Post War Reconstruction.
Taluka planning.
Athni taluka, Belgaum district.

Government of Bombay.
Reconstruction Department.
Resolution No. 149.
Bombay Castle, 26th January 1946.

Read Government Resolution, No. 149, dated the 17th January 1946.

Resolution:- Sanction is accorded to the scheme for the multiplication and distribution of improved jowar and wheat seeds in Athni taluka at a net cost not exceeding Rs.25,000 spread over five years, including the cost of the staff required for the scheme. The Director of Agriculture is authorised to employ the staff required for the scheme as and when required within the amount sanctioned for the scheme.

2. The Director of Agriculture is authorised to give subsidies at the rate of Rs. 3 per pit of compost manure prepared according to the process laid down by the Agricultural Department and utilised for growing foodcrops in 83 villages in the taluka. About 4 pits should be taken in each village and the total cost on account of subsidies should not exceed Rs.1,000 over a period of five years.

3. The scheme for the grant of subsidies for construction of new wells and repairs and improvement to the existing wells in the taluka is also sanctioned at a cost not exceeding Rs.50,000 spread over five years. The Director of Agriculture is authorised to give subsidies up to one-third of the cost of construction of new wells and one-half of the cost of repairs and improvement to the existing wells within the amount sanctioned for the scheme. The remaining amount required for construction and repairs or improvement to wells should be advanced as tagai loans. The amount sanctioned for expenditure on the scheme includes the cost of staff required for the

scheme...

scheme and the Director is authorised to employ the staff as and when required. The needs of ex-servicemen and their families should have the first consideration in the case of grant of subsidies, the balance, if any, being utilised for giving subsidies to cultivators on the condition that they grow more food crops on the areas commanded by wells for at least two years, i.e., in accordance with the policy already being pursued with reference to ~~the Grow More Food Government Resolutions~~ Government Resolution, No. 8832/33, dated 19th March 1945.

4. The scheme for the establishment of a district nursery at Athni at a non-recurring cost of Rs.9,000 and recurring cost of Rs.8,000 per annum and employment of the following staff for the scheme are also sanctioned:-

One agricultural officer (Rs.95-5/2-120-E.B.130-8-170).

One agricultural assistant (Rs.35-5/2-60-E.B.-4-100).

Three malis (Rs.30-1-40).

One peon (Rs.14 per mensem).

5. The charge should be debited to the minor head 'post-war Reconstruction and Development.Programme" under the major head "40-Agriculture"-Vide Government Resolution, Finance Department, No.2467/33, dated 6th December 1945. The source from which the expenditure should be met will be indicated later.

By order of the Governor of Bombay,

W.G.Hulland,
Joint Secretary to the Government of Bombay,
Reconstruction Department.

To
The Commissioner, Southern Division,
The Collector of Belgaum,
The Director of Agriculture,
The Accountant General (through the Finance Department),
The Finance Department.

Original in file No 1497/49

(Extract para. VIII of the office note 17th June 1946 and the H.M. (Agri)'s note dated 25-6-46, below it.)

Horticultural Development:- A Scheme for nursery has been sanctioned for this taluka(Athni) at a cost of Rs. 9,000/- non-recurring and Rs.8,000/- recurring per annum. In the case of 20 talukas planned in the first round tnis scheme has been allowed to continue and nurseries ~~has~~ have been sanctioned in Chikhli taluka of Surat District, Kankavali mahal of Ratnagiri district and Rahuri taluka of the Ahmednagar district as proposed by the Prant officers. No scheme was proposed for talukas in Belgaum district. The scheme in Athni taluka may, therefore be allowed.

———— x o x o x o x o x o x ————

Item VIII Horticultural Development – of course nursery is necessary for the Belgaum district. But Athani is not a suitable place for it. In my opinion Arabhavi Govt. Agrl. Farm is the suitable place for the establishment of nursery. Dir. of Agri. may be asked to report regarding the suitability of the site for the nursery.

M.P.P.

Reconstruction Department.

Submitted with ref. to the proceedings at pages 1-5 ante.

2. A draft G.R. on the lines of one issued or Satara cases is put up for approval.

3. With regard to the H.M., Agre's note it may be stated that Arbhavi is in Gokak taluka. As H.M. is not in favour of a nursery in Athni taluka the scheme will have to be held over under taluka plans in Athni taluka and the question of establishment of a nursery at Arbhavi will have to be considered separately under scheme No.60. A letter to the Dir. of Agre.. is put up.

Subject:-Suitability of Arbhavi Farm for fruit nursery.

A

Reference your letter No.H/4327 dated 7-10-1946, on the subject mentioned above and to state that in view of the present difficulties viz-(a)inadequate supply of water (b) inadequacy of land (c) non-availability of buildings for the accommodation for the staff etc., that are experienced on the farm, no new work can be taken up over and the above existing work.

However, the Agricultural Officer I/c Arbhavi Farm has suggested the name of a cultivator namely Mr. B.D.Kulakrni, who is willing to give 4 acres of land on lease for a period of 5 years which is situated just close to the Farm. If the lands are found suitable then arrangements may be made to take the land on lease.

(1) Survey Nos. 223(A) and 224(A2C)
(2) Area 3 acres and 35 gunthas.
(3) It has got a well which requires slight repairs.
(4) Facilities for canal irrigation exist.
(5) The lands are quite close to the Farm area.

He is willing to give the lands on lease on some terms and his agreement bond is enclosed herewith for your information.

Sir,

Subject :- Fruit Nursery

With reference to your letter No. H/4327 of 7th October, 1946 addressed to the Deputy Director of A.D.Dharwar, for remarks,forwarded to the Agricultural Officer I/c Arbhavi Farm,for his immediate remarks I have the honour to state as under :-

I have owned land R.S. No.223(A),224(A & C) measuring Acres 3 and Gunthas 35 just close to the Government Farm that is to the eastern side of the Farm. It has got a well which requires some repairs. There is canal irrigation facility for 8 months. I am willing to give this land on lease for five years under the following terms :-

(1) The land should be enclosed with fencing.
(2) 1/3 of the yearly receipts of the area is to be given at the end of the year.
(3) After 5 years, the land is to be released as per conditions to be stated in the lease bond which is executed and registered at Gokak.
(4) I may try to make available the quarters for Government Staff at Arbhavi village which is just near my land, if the Government is prepared to give appropriate rent as per locality.

I beg to remain,
Sir,
obediently.
B.D. Kulkarni.

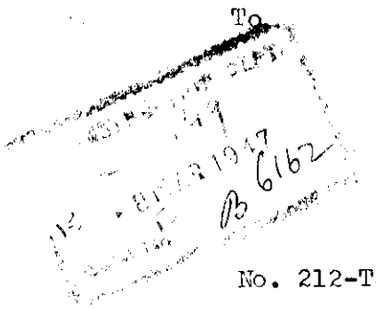
Letter.



To

The Secretary to Government,
Reconstruction Department,
BOMBAY.

Subject:- Post War Reconstruction.
Taluka Planning.
Athni Taluka, District Belgaum.
Establishment of a nursery at Arbhavi.

No. 212-Tal.Athni-2288 of 1947. Poona 1, 6 March, 1947.

Reference Government letter No.149/30304-B dated the 17th December, 1946. I forward herewith the budget estimate for the establishment of a nursery on the Arbhavi Farm for a period of 5 years. These budget estimates amount to Rs.59,882 recurring and Rs.51,600 non-recurring, i.e. Rs.1,11,482 in all for a period of 5 years against Rs.40,000 recurring and Rs.9,000 non-recurring i.e. Rs.49,000 in all sanctioned in para 4 of G.R., R.C.D., No.149 dated 26th January, 1946. There is thus an excess of Rs.62,482 in the estimate now submitted and as against those that sanctioned by Government made up of Rs.19,882 recurring and Rs.42,600 non-recurring. The Horticulturist to Govern-ment, B.P., Poona reports that there will be receipts to the extent of about Rs.14,000 over a period of 5 years. The real excess will, therefore, be Rs.48,482.

It may be pointed out that the excess of Rs.19,882 under "recurring" is due to the increased rate of dearness allowance and to the provision of various items under contingencies. As regards the excess under "non-recurring" with the change of the location of the site from Athani to the Arbhavi Farm provision of buildings for Agricultural Officers and other staff as also for office, potting shed, cattle, implements, fodder, etc. is considered necessary as there are no suitable buildings in the vicinity for the purpose. This provision was not made in the old estimate as it was possible to hire buildings in the vicinity of Athni.

It is proposed to establish this nursery on an area of 10 acres out of which the existing farm area on the Arbhavi Farm consisting of mango, citrus, guava, pomegranate and cocoanut plantations is about 5½ acres. It would be, therefore, necessary to spare an additional area of about five acres from the Arbhavi Farm for the purpose. At present the normal working of the farm consists of maize breeding work, gram breeding work, experiments on sugarcane and rotational crops etc. and the area is just sufficient for these experiments. Besides a scheme is already submitted to the Indian Central Sugarcane Committee under which it is proposed to expand the sugarcane experimental work on this farm (vide your No.10254/39-12616-A dated 30-7-1946.) It would be accordingly necessary to take up additional area for the farm when this area is given up for the Horticultural work.

Repairs (deepening) of well or digging 2 bores for water-		1000
Total Rs.-----		5600
Total Non-recurring expenditure		51600

No.149/6162-B.

R.C.D.

In the orders issued in G.R. No.149,dated 17th January 1946 regarding Taluka Planning of Athni an expenditure of Rs.49,000(Rs,9,000 non-recurrent and Rs.8,000 annual recurrent) was earmarked for horticultural development in the Taluka. This expenditure was to be taken into account in the estimates for P.W.R. Scheme No.50. The scheme for establishment of a district nursery at Athni was sanctioned at the earmarked expenditure of Rs.9,000 non-recurrent and Rs.8,000 recurrent by G.R.,No.149 dated 26-1-1946. H.M.(Agri) considered that Athni was not a suitable place for the nursery and directed that the suitability of establishing a nursery at Arbhavi farm should be investigated. The scheme for nursery at Athni was, therefore, held over and the Dir. was asked to submit scheme for nursery at Arbhavi.

2. The Dir. of Agri.has now submitted a scheme for establishment of a nursery at Arbhavi estimated to cost Rs.1,11,482 in 5 years. It will also be necessary to lease or acquire addl.land(about 5 acres). The estimate does not include the cost on this account. The estimate of Rs.1,11,482 is comprised of recurring expenditure of Rs.59,882 and non-recurring expenditure of Rs.51,600. This exceeds the amount sanctioned in G.R. No.149,dated 26-1-46 by Rs.48,482 after accounting for the receipts which will approximately be Rs.14,000. The reason for increase in the recurring expenditure is the increased rates of dearness allowance.

The amount required for the 1st year is Rs.63,322 (Rs.51,600 non-recurrent and Rs.11,722 recurrent). As stated above this expenditure has to be considered with reference to the total amount earmarked for P.W.R. Scheme No.50. In the revised P.W.R. plan a provision of Rs.9,44,000 has been earmarked for scheme No.50 spread over 5 years as follows :-

Year.	Non-recurrent. Rs	Recurrent. Rs	Total. Rs
1947-48	1,00,000	42,000	1,42,000
1948-49	1,24,000	86,000	2,10,000
1949-50	1,33,000	1,44,000	2,57,000
1950-51	Nil	1,66,000	1,66,000
1951-52	Nil	1,69,000	1,69,000
	3,37,000	6,07,000	9,44,000

The provision earmarked for 1947-48 for the whole scheme No.50 is Rs.1,42,000. If the nursery at Arbhavi is sanctioned it will take away Rs.63,222 leaving only Rs.78,778 (1,42,000 -63,222) for other distts. It does not, therefore, seem advisable to sanction Rs.63,222 only for Arbhavi nursery.

3. The Dir.of Agri. has been asked to revise the P.W.R. Scheme No.50 so as to fit it in the earmarked provision of Rs.9,44,000 for 5 year. Perhaps the Dir. may be asked to include, in the revised scheme No.50, the Arbhavi nursery after reducing the estimates to the minimum necessary. A

4. If however, the scheme for Arbhavi nursery is to be taken independently of P.W.R. Scheme No.50, the papers may be shown u.o. to F.D. for scrutiny The details of the estimate call for remarks.

Letter.

Urgent.

To

The Director of Agriculture.

No. 149/6162-B Bombay, 31st March 1947.

Reference correspondence ending with your letter, No. 212-Tal.Athni-2288, dated 8th March 1947, regarding establishment of a nursery at Arbhavi.

Government considers that starting of nursery at Arbhavi farm may be dropped at present.

Please call on Honourable Minister (Agriculture) to discuss with him and the Additional Secretary, Reconstruction Department, the Post War Reconstruction Scheme No. 50 before it is revised. (Vide Government Letter No. 1254-D dated 23rd January 1947).

ISSUED 31

By order of the Governor of Bombay,

Assistant Secretary to the Government of Bombay,
Reconstruction Department.

in the vicinity of Agricultural schools as far as possible. Pending establishment of these schools, the matter may be held in abeyance. No fresh action on this letter is therefore necessary for the present.
